

Membrane Repairs & Pipe Washing

2017

Alberta Sweeprite will be here on the following dates to complete necessary membrane repairs and pipe washing throughout the parkade, please see following schedule for details:

July 9th - 14th - P2 CLOSED for the entire week for membrane repairs

July 9th - 14th - P1 CLOSED at the Ramp to P2 area for the entire week

These areas will be chained off. Once the membrane repairs begin you will NOT be able to remove your vehicle or enter this area as it damages the membrane that is curing which will prolong the job!!!

July 10 - P1 CLOSED Under Building B & C ***8am - 6pm***

July 11 - P1 CLOSED Under Building B ***8am - 6pm***
and a portion of C where B meets C

July 12 - P1 Under Building A & D & P2 ***8am - 6pm***

For the pipe wash we will place a dumpster on site mid June as this gives residents the time and opportunity to clean any unnecessary items from your cages. Any empty cage will be cleaned (walls & floors). You can also throw a tarp over your belongings and we can wash any exposed walls or pipe as well. For this week ONLY you can place the contents of your storage locker in your parking stall and cover with a tarp and wood pallet or other method of raising your items off the floor so as to avoid water damage.

Keep in mind that if you decide to not empty your cage contents, the items inside will have to be covered by a tarp as the pipes that we are cleaning run above your storage locker area and we will not skip any areas or assume liability for your personal belongings!!

Details of schedule:

Mon 10 July	Sweep, scrub pipe wash 2/3 of membrane level.
Tue 11 July	Sweep, scrub, pipe wash the remaining 1/3 of membrane level and first concrete section of P1.
Wed. 12 July	Sweep, scrub, pipewash the remaining concrete on P1. Sweep P2. Close P2. Begin work on membrane repair at entrance to P2.
Thur 13 July	Membrane repair on P1 at entrance to P2. Scrub pipewash P2.
Fri 14 July	Membrane repair on P1 at entrance to P2.
Sat 15 July	Possibly P2 still closed but may be open.

Thanks
