

**February 1, 2014**

To all the residents at **The Peaks of Eagle Ridge, 136 Sandpiper Road, FMM, AB, T9K 0J7:**

We are instituting a program known as PooPrints due to a small percentage of residents that have not been picking up after their pets. By **April 15, 2014**, every dog owner must bring their dog(s) to the office to provide us with a DNA sample at a cost of \$75 per pet. Appointments will be made every half hour beginning on March 1, 2014. Appointments will be made Monday through Friday from 9am to 4pm. We will also have limited Saturday appointments available on **DATE**. For those of you who can make it in during the week, please plan on doing so and leaving the Saturday appointments for those who really need it.

**TO PREPARE FOR YOUR APPOINTMENT**

Keep food away from the pet for at least one hour prior to your appointment.

If you have multiple dogs, they must be separated for more than one hour before testing to avoid cross contamination of the DNA. This means you will need to make one appointment per pet.

Payment is expected at the time of your appointment in the amount of \$75 per dog, made payable to **The Peaks of Eagle Ridge.**

The process is then very simple. Bring your dog to the office where you will swab your pet with the provided kit. We will submit the DNA sample and we will register your dog(s) with the DNA World Pet Registry.

Once the registry is complete, any feces found on the property will be checked for DNA and if a pet tests positive for a DNA match the pet owner will be fined \$250.00. If you fail to register your pet, you will be fined \$100 and risk termination of your pet approval as well.

Pet owners are expected to respect the property, their neighbors and the law and pick up after their pets. We have a designated area for pets on the North Side of Building B at the shed area or we ask that you take them off property all together. **Pets are not permitted in the centre courtyard at any time.**

I would like to take this time to thank the majority of responsible pet owners that diligently pick up after their pets here, it is truly appreciated! Thank you for your cooperation in this matter and for helping us keep a beautiful and clean community for our residents.

Very sincerely yours,
